DATA SHEET SPECIFICATION 2750KVA - 3000KVA - 50 HZ

Description

Younes Bros generators are fully designed to maintain optimum performance and reliability using the finest solutions for technical simplicity and robust construction

Our generators are available with **CE** certification along with the installation Quality Assurance (**IQA**) from Cummins and designed in facilities certified to ISO 9001

**YBC 2750 - QSK78G9**

Features

- Cummins heavy duty engines
- Stamford Class H Alternators
- Deep Sea control system
- Water cooling system
- Optional weather 7 sound protective enclosures
- Genset accepts load as per NFPA110

Genset Specifications

Generating set KVA Prime 2750KVA Standby 3000 KVA, equipped with Cummins diesel engine type QSK78G9 driving at 1500 RPM.

A single bearing Stamford alternator brushless, self excited, self regulated, insulation and temperature class H, PH 0.8, 220/380V, 3 phase, 4 wire regulated at +/- 1%, 50 Hz.

COMPLETE DIESEL GENERATOR SET

ISSUE 2015

Engine Specifications

- BRAND : CUMMINS
- TYPE : QSK78G9
- Output prime rating : 2750 KVA
- Displacement : 77.6 Liter
- No of cylinders : Vee 18
- Ambient Temperature : 55°C
- Bore : 170 mm
- Stroke : 190 mm
- Cycle : 4 Stroke
- Aspiration : Turbo Charged & Low Temperature
- Running speed : 1500 RPM
- Fuel Consumption : 25% - 158 liter/hour
50% - 291 liter/hour
100% - 528 liter/hour
- Type of governor : Electronic (ISO 8528 Part I Class G3)
- Type of injection : Direct Injection Cummins HPI-PT

Alternator Specifications

- Brand : Stamford
- Rated Voltage : 380 V
- Phase : 3
- Rotational Speed : 1500 RPM
- Power Factor : 0.8
- Frequency : 50 Hz

Control System

Deep Sea Automatic Start Control module that offers an advanced range of engine monitoring and protection features

Generator Set Options

- Engine:** Water jacket heater 220V
- Enclosure:** Sound attenuated canopy
- Alternator:** Alternator Heater
PMG kit
- Power Panel:** 3 Poles Main Circuit Breaker

- Warranty:** 5 Years for standby application
2 Years for prime application
- Silencer :** 9 dB attenuation industrial silencer
25 dB residential - delivered loose
